

Profile of an SCA Intern

Who Are Our Interns?

SCA connects young people to our natural world by engaging them in hands-on service to the land. In our nation's parks, forests and urban green spaces, our members help to protect vital habitats, threatened wildlife, and other fragile resources.

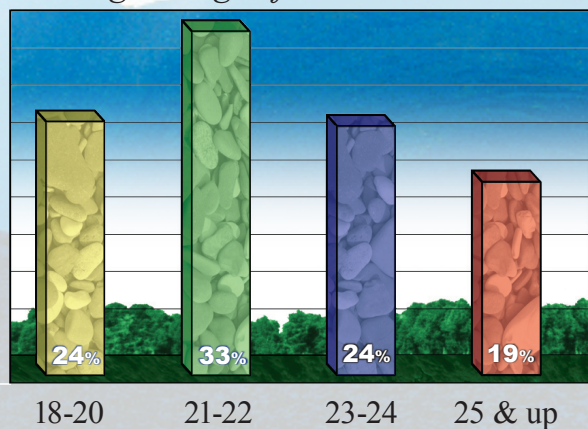

2,000

Number of Interns serving with us last year

1.25 Million

Number of hours of conservation service that Interns perform annually

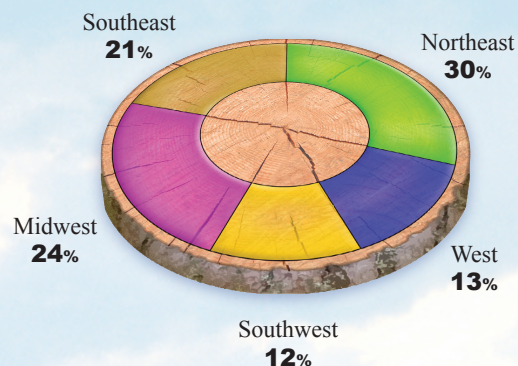

Age Range of SCA Members

Where Are Our Interns From?

SCA Interns are from all 50 States

Our Top Ten Represented Colleges and Universities
